

What Judy's Clients Have To Say

- We would like to express our great appreciation for Judy's help. She was the most valuable agent we have ever used. She was very thorough, following up on all the loose ends and insuring that each one was resolved well before our closing. She deserves all the credit for making a complicated transaction appear effortless. She is a real asset to your organization and reflects well the philosophy we found in the brochures of your organization. Please pass this on to Judy and thank her again for assisting us.

- I know that everyone has problems with closing, but it seemed like my closing was a special challenge. I won't bore you with the details, but I was more than ready to pull out and not purchase at all, but with Judy's help, I am now the proud owner of a new home and things are going great! I don't know what kind of employee recognition you have, but I feel that Judy should be considered. She went above the "call of duty", her efforts which I will be forever grateful.
----Wade Langston
- Judy got excited when something good happened. She obviously took it as a personal mission to find the right home.

- I am reporting to USAA Relocation Services what I consider to be a watershed event in my professional career: a painless and truly pleasurable effort at home buying. I am not sure I can adequately express my appreciation for the effort and professional assistance my wife and I received from Judy, but I hope you will assist me in doing so. I had given up all hope of ever finding an honest realtor whose interests aligned with mine. To my delight, I discovered integrity and vigorous response reside in your firm in the person of Judy Ververs. I am exceedingly pleased at the handling of my purchase which went without a hitch for me because Judy was seeing to every detail and totally serving my best interests. I offer this without Judy's knowledge and I hope you realize what an unusual move this is for me. I intend to refer all subsequent Navy personnel relocating to Colorado Springs to Judy.

What Judy's Clients Have To Say

- We have dealt with a number of realtors in our 24 years of Air Force moves, and some of those experiences have been less than satisfactory. Thus, as our expectations have increased and our level of tolerance for move-related headaches has decreased, Judy was faced with a rather daunting challenge. Happily for us, she combined her extensive knowledge of the Colorado Springs real estate market with a helpful, positive attitude to assist us in finding a house that meets our needs, in a superb location, and at a fair price. All in all, this house-buying experience was one of the more pleasant we have endured, and we are convinced a great deal of the credit for that result goes to Judy Ververs. Please ensure she is appropriately recognized and rewarded for her hard work and her dedication to her profession.

----Ken and Linda Schroer

- When I decided to sell my home of twenty years and purchase a new one, I contacted Judy Ververs (referred to me). She is so professional, but with a wonderfully caring manner. She listened carefully to the type of home I wanted to buy and worked tirelessly to find me one. She found exactly what I was looking for. She saw to the quick sale of my old home at the price I had set, and was helpful with every aspect of my move. Judy made what could have been a very difficult experience an easy one. She is a delight to work with.

- We have been in the military for 29 years, and Judy is the most professional Realtor we have used in the past 18 moves. Not only is she very knowledgeable in her profession, she has a wonderful way of working with people. She is always on call for her clients and does whatever it takes to help them buy or sell their house (we've done both through Judy).

- Judy has worked diligently from the moment she put the house on the market up to a call this evening to inform us that everything was still on track. We are especially grateful for her kindness and patience throughout the entire ordeal. We have had some very challenging experiences with the property since we moved out of state. Judy was understanding and helpful – she is persistent and creative. Her professional attitude guided her to going above and beyond the expected responsibilities of a real estate agent.
----John and Pat Sheehan
